Mr. Troxler is an accomplished Homeland Security and Emergency Management professional with experience in both the public and private sector. He is the former Director of the St. Charles Parish Department of Emergency Preparedness from 1997 to February 2009 and is currently employed as the Emergency Services and Security Leader for the Union Carbide Corporation, a subsidiary of the Dow Chemical Company in Taft, LA. His knowledge and experience has enabled him to work as an independent consultant to develop local emergency plans in 18 of the 64 parishes within Louisiana, in addition to serving as an instructor and lector on the issues of Homeland Security and Emergency Management.

As a Senior Instructor with Louisiana State University's, National Center for Biomedical Research and Training, Academy of Counter-terrorist Education, he has developed three national training programs in Computer Aided Management of Emergency Operations and Response to Weapons of Mass Destruction Cargo.

His level of awareness regarding the profession has garnered him speaking events at national and international conferences to include, *The National Hurricane Conference*, *The National Radiological Conference*, *The International Association of Emergency Managers Conference*, *The Louisiana Chemical Association* and *The Louisiana Emergency Preparedness Association*. Additionally, he has testified before the Department of Homeland Security Advisory Council as a subject matter expert concerning the response to Hurricane Katrina. Mr. Troxler holds an Associates of Arts Degree, in Emergency Disaster Management from Thomas Edison State University in Trenton, New Jersey and is currently attending Tulane University in New Orleans, Louisiana pursuing a Bachelor of Arts degree in Homeland Security Studies.
